WHEELING, WEST, VA, TUESDAY MORNING, JANUARY 11, 1876.

The Intelligencer.

AN IMPORTANT MEETING .- The Na tional Republicar Committee meets in Washington City day after to-morrov the 13th, to decide upon the time and place of holding the next National Convention. Captain Hanson Criswell, of Moundsville, is the member from this State, and will no doubt be in attendance Innamuch as every city in the country is putting in a claim for the Convention we appeal to the Captain not to forget us Wheeling to New York to "make ceive the signatures of all the leading dry goods houses. The mover an effort" on our behalf with the National Committee, among them Thomas Hornbrook, Esq. and the late Alfred Caldwell, but the West was too mighty for us and Chicago was chosen. The late Horace Greeley was present and took part in the deliberations of the committee, as did also old Frank Blair, (an old anan then and as old as the Welles, afterwards Secretary of the Navy, and Senator Doolittle, of Wisconsin, who is no longer a Republican. Mr. Greeley a Republican convention on slave soileven the little strip of slave soil embraced in this narrow neck of the Old Dominion and thought the State of "Indyaner" (his pronunciation) was about the right lati-tude. But a man by the name of N. B. Judd, from Chicage, who afterwards went as Minister to Berlin, was red-hot fo Chicago, as he was, when the Convention came off, for Lincoln, and he carried his point both times, and thereby made a big point for himself. We have often thought of Judd since that and wondered was recently so red-hot for De Koven. That can hardly be the same man or De Koven would have succeeded family. We wish Capt. Criswell was Judd or Judd was Capt. Criswell for the next day or two, for then we would be sure to succeed in getting the Convention here. Not that the Captain is not "a whole team and a horse loose" of himself divers and sundry ways, for we remember with gratitude that he went down to Ellenboro in '74 and seduced the Democracy into nominating Ben Wilson, thereby coming within one of breaking up the party, but the question is whether he can manipulate that com-mittee a la Judd. If he can his fortune is made. The City Council of Wheeling will devote the unexpended balance o the Capital removal fund toward putting up his statue in Market Square and give him a solid vote for Congress. So now is your chance, Captain.

CARD FROM Geo. R. TINGLE .- This gen tleman writes a letter to the Charleston Courier of Saturday last to exculpate the Hon. J. Hanson Good from the reflections of that paper on him in connection with its comments on the notorious Agee reso lutions. These reflections were in th nature of a re-iteration of the insinuation cast upon Mr. Good by said resolutions members of the Legislature, the point being that they had received money for their services in helping to remove the Capital from Charleston. Mr. Tingle, who was charged with the disbursement of the Capital removal fund, promptly comes to the rescue of Mr. Good and his fellow members of the Legislature, by stamping these insinuations as talse an without any foundation in fact. He says expenses of those who were associated with him in the removal management, and not one dollar of it was ever offered to a member of the Legislature

GAS BILLS .- Do those who measure the flow of gas through our meters, and Expusition quarters, ever hear any complaints touch

Do they ever 'hear people regretting the recent reduction of the price to \$2.30 per thousand on the ground that the reduction has seemed to increase rather than diminish their bills?
